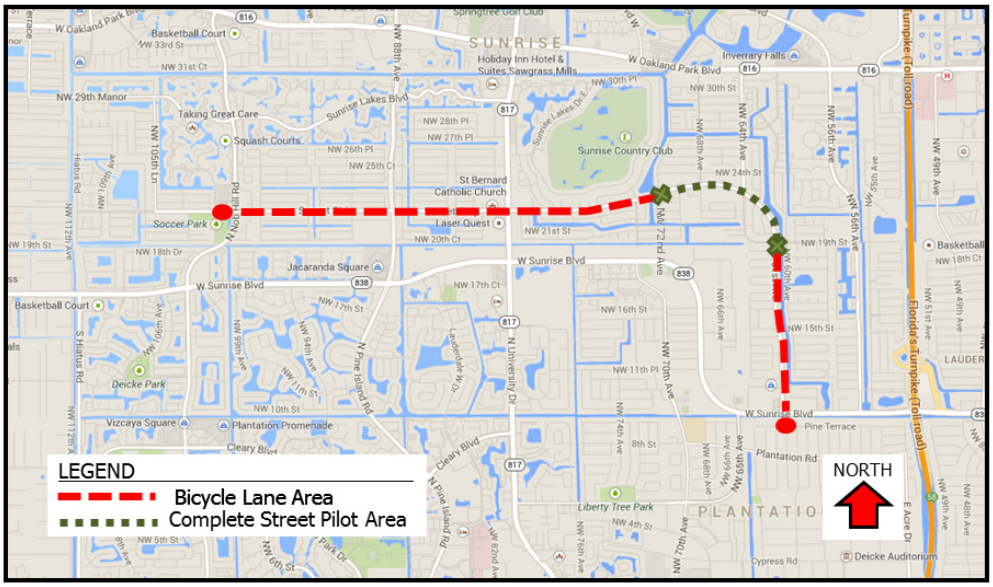
Public Meetings: Sunset Strip Bike Lanes and Complete Streets Pilot Project

The City of Sunrise, in partnership with the Metropolitan Planning Organization (MPO) and the Florida Department of Transportation (FDOT), is proposing to construct bicycle lanes on Sunset Strip from Sunrise Boulevard to Nob Hill Road. Additionally this project will include a section to be a Complete Streets Pilot Project in the Village area of Sunset Strip from NW 19th Street to NW 72nd Avenue – one of only two proposed Complete Streets Pilot Projects in Broward County.

Complete Streets are streets designed and operated to enable safe access for all users, including pedestrians, bicyclists, motorists and transit riders of all ages and abilities. The Complete Streets Pilot Project will include the construction of wider sidewalks, two roundabouts (one at NW 19th Street and one at NW 64th Avenue), and bike lanes with striped buffers. To accommodate the additional bike lanes and buffer strips, Sunset Strip will be modified to provide a single vehicular traffic lane in each direction.

To learn more about the project and how it will affect Sunset Strip, the public is invited to any of the four following presentations hosted by the City of Sunrise:


- **Wednesday, April 2, 2014**: 7:00 p.m. at Nob Hill Soccer Club, 10200 Sunset Strip
- **Thursday, April 17, 2014**: 7:00 p.m. at Village Civic Center, 6800 Sunset Strip
- **Saturday, April 26, 2014**: 10:00 a.m. to noon at Nob Hill Soccer Club, 10200 Sunset Strip
- **Saturday, April 26, 2014**: 3:00 p.m. to 5:00 p.m. at Village Civic Center, 6800 Sunset Strip
